LETTER OF RECOMMENDATION

Date: 28/07/2022

I am writing this letter in support of **Mr. ABINAVE K RAJESH**, who has been an intern with the Jet Aerospace Aviation Research Centre from 18/07/2022 to 28/07/2022. During this period of time, he was found to be enthusiastic, reliable and creative.

He has an inquisitive mind and good interpretation abilities that will greatly facilitate research work at your University. An intelligent and hardworking student and he have a natural inclination for research. This inclination stems from his curious bent of mind and a nature of questioning.

He has completed the Research Project given by the institute with the highest level of precision. Also he has sound knowledge in Unmanned Aerial Vehicles. As he has already been an active part of a technical team in the relevant field in his university over a year, his technical skills are on point and faultless. He has successfully completed his industrial training on UAV Intelligent Systems.

He is persistent in his efforts to keep up his knowledge with the latest technologies and is an industrious student with pleasant personality.

In my unbiased opinion, Mr. Abhinave K Rajesh has a rich blend of creativity and discipline required for a person desiring the best career in Masters. Therefore, I strongly recommend him for Master's program in your esteemed University.

Best Regards,

CERTIFICATE

We are glad to inform you that Mohammad Irfan Shah from Hindusthan College of engineering and technology Coimbatore has successfully completed the internship program at Brahmastra Aerospace Systems from 14/04/2023 - 04/05/2023.

During the internship, the candidate was exposed to various activities and discussion in the internship division, the candidate also closely worked as a part of the Project trainee programme and the candidate successfully completed the role of project trainee entitled as "Industrial Aerodynamics" at Brahmastra Aerospace Systems.

We found the candidate to be extremely inquisitive and hard working. The candidate was much interested in learning the functions of our core division and also willing to put best efforts to understand the subject and willing to work towards creative thinking. The candidate worked in various software and met the objectives of the project.

The candidate's association with us was very fruitful and we wish him all the best in his future endeavours.
